Facilitator,
Spanish speaker

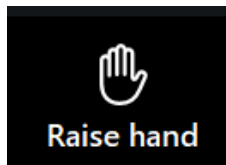

How to Participate Virtually Today

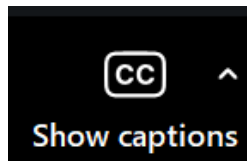

For the presentation in Spanish, select “Spanish room”
Para la presentación en español, seleccione «Sala de español».

Type questions and comments for the facilitator to repeat and team to answer throughout the session.
Puede escribir preguntas y comentarios para que el moderador los repita y el equipo los responda a lo largo de la sesión.

During Q&A, select “**raise hand**” to ask your question or comment verbally. Facilitator will allow you to unmute to speak. Joining by phone: press ***9** to raise hand; press ***6** to unmute/mute (only when host allows)
*Durante la sesión de preguntas y respuestas, seleccione «**Raise Hand**» para hacer su pregunta o comentario verbalmente. El moderador le permitirá activar el micrófono para hablar. Si participa por teléfono: pulse ***9** para levantar la mano; pulse ***6** para activar/desactivar el micrófono (solo cuando el anfitrión lo permita).*

Marin Transit Proposed Zero Emission Bus Operations & Maintenance Facility

1075 FRANCISCO BLVD EAST, SAN RAFAEL

Project Info

- 3.5 Acre Site
- Parking for up to 50 Buses
- Electric bus charging
- Parking stalls for 60 Employees
- Maintenance Yard
- Administration Offices
- Moved Offsite
 - Dispatch
 - Training/Conference Room

Why are we doing this?

Central location & site for bus operations, maintenance and parking will:

- Meet agency goals
- Streamline operations
- Improve service efficiency and reliability
- Reduce emissions
- Minimize cost escalation

Status & Timeline Update

Finalizing Preliminary Site Layout

- What to include on site

Environmental Phase

- Anticipated completion in Winter 2025

Outreach

- Throughout all project phases to receive community input

Workforce Development

- Parallel path and includes childcare element

Timeline subject to change.

Anticipated FY25/26 Milestones

Timeframe	Milestone
Fall 2025	Issue Draft CEQA (state) document for 30-day Public Review and Comment
Late Fall 2025	Anticipated FTA NEPA (federal) review complete
Late Fall 2025	Board consideration of staff recommendation for proposed project
Winter 2025	Release Design Procurement, if CEQA & NEPA are complete and project is approved

Timeline subject to change.

Community Engagement Efforts

- Marin Transit is committed to engaging the community as this project progresses.
- So far, we have:
 - Onboarded a team to support community engagement efforts
 - Developed a project page on MCTD website
 - Collected feedback from community members at several outreach events
- Efforts are ongoing and input is welcome at any point in the process.

Community Input To Date

- Generally, community feedback has been positive.
- Riders and community members are interested in the expected benefits for transit service
- Key priorities include:
 1. Frequent and reliable bus service
 2. Clean, well-lit bus stops
 3. Sidewalk and lighting improvements

Marin Transit está diseñando una instalación nueva permanente para los autobuses cerca del vecindario del Canal. Esta instalación nos permitirá brindar un servicio de autobuses confiable, limpio y de alta calidad. Seleccione los tres mejoramientos comunitarios que Ud. considere los más importantes.

Marin Transit is designing a new permanent home for Marin Transit buses near the Canal neighborhood that will help us provide reliable, clean, high quality bus service for you to use. Please select the three community enhancements that are most important to you.

 Servicio de autobús frecuente y confiable <i>Frequent & reliable bus service</i>	 Ubicación del camión de comida <i>Food Truck Location</i>
 Paradas de autobús limpias y bien iluminadas <i>Clean, well-lit bus stops</i>	 Lugar de reunión de la comunidad <i>Community Gathering Space</i>
 Mejoras en aceras e iluminación <i>Sidewalk and lighting improvements</i>	 Más proveedores de cuidado infantil a domicilio <i>More In Home Childcare Providers</i>
 Vehículos eléctricos compartidos <i>EV Car Share</i>	 Carga de vehículos eléctricos en la acera <i>EV Charging Curbside</i>
 Microtránsito / Centro de movilidad compartida <i>Micro-transit / Shared Mobility Hub</i>	 Centro de jornaleros <i>Day Laborer Center</i>
 Otro <i>Other</i>
