RECOMMENDATION: This is a recurring information item.

SUMMARY: The attached monthly report provides an overview of Marin Transit operations for the period ending October 31, 2017. The monthly reports summarize statistics on the performance of Marin Transit services, customer comments, and training activities under the District's Mobility Management program.

Ridership in October 2017 increased 2.1% compared to October 2016. Ridership on fixed-route services increased 2.2% compared to the same month last year. This was likely due to one additional weekday compared to last year. Ridership on Marin Access services had an increase of 2.1%, primarily on local paratransit.

Additional detailed analyses of system performance and trends are provided in separate quarterly and annual reports, including route-level statistics and financials. These reports are available on the District's website at <http://marintransit.org/monitoringreports.html>.

FISCAL/STAFFING IMPACT: None associated with this report.

Respectfully submitted,

Nancy Whelan
General Manager
