Dear Board Members:

Overall systemwide ridership in July 2021 increased by 47 percent compared to July 2020, which represents a 39.5 percent decrease from the pre-COVID ridership in July 2019 and 6.2 percent increase from June 2021.

Ridership on fixed-route services increased by 46.7 percent from the prior year, which is a 38.6 percent decline compared to pre-COVID in July 2019. Ridership on Marin Access services increased by 55.7 percent compared to July 2020, which represents a 55.9 percent decline from July 2019. There were no yellow bus services due to school closures throughout the month. July 2021 was the seventeenth month of ridership affected by the ongoing COVID-19 global pandemic.
