**RECOMMENDATION:** This is a recurring information item.

**SUMMARY:** The attached monthly report provides an overview of Marin Transit operations for the period ending August 31, 2017. The monthly reports summarize statistics on the performance of Marin Transit services, customer comments, and training activities under the District's Mobility Management program.

Ridership in August 2017 dropped 4.0% compared to August 2016. Ridership on fixed-route services decreased 4.1% compared to the same month last year. This was likely due to fewer school days and one less day of Muir Woods Shuttle service. Ridership on Marin Access services was relatively consistent with last year, with a modest decline of 0.5% primarily on the volunteer driver program.

Additional detailed analyses of system performance and trends are provided in separate quarterly and annual reports, including route-level statistics and financials. In addition to the monthly reports, these reports are available on the District's website at <http://marintransit.org/monitoringreports.html>.

**FISCAL/STAFFING IMPACT:** None associated with this report.

Respectfully submitted,

Nancy Whelan  
General Manager
