June 2025

MARIN COUNTY TRANSIT DISTRICT

Edition 03

## FROM THE PROJECT TEAM

The 3010/3020 Kerner Redevelopment Project is underway. This project, which includes a new EV bus parking lot and charging stations, will continue to track the electrical equipment procurement through to the end of the year. The project team is working closely with the contractor in preparation to ready the site for future PG&E tie-in work. We look forward to keeping the community updated as progress continues.

## UPCOMING

- Project site is ready for electrical and landscape work
- Contractor placed orders for electrical equipment
- PG&E Application #3 in review

## MONITORING & STATISTICS

Construction is ongoing. The project site is monitored for safety and traffic concerns.

## WORK COMPLETED

- City approval of solar design drawings, permit secured
- PG&E Application #2, design acceptance
- Contractor excavation and off-haul of soil
- Storm drain inlets placed

## POTENTIAL IMPACTS & MITIGATION

- Long lead time for electrical equipment
- PG&E Application #1 will be resubmitted to continue progress for the related electrical work.
